International Gathering of Montfortian Associates
Saint Laurent-sur-Sèvre, August 6-13, 2023

Dear brothers and sisters, Mr Éric JOYEAU, coordinator of the organizing committee of the International Gathering of Montfortian Associates (IGMA) in Saint Laurent-sur-Sèvre sent me these links. In his message, he writes:

«You will find below the links to follow live the retransmission of the times of celebration, the conferences, but also of the festive vigil of Friday August 11. Don't hesitate to share them around you with all those who couldn't get around. The idea is that the people present in front of their screen can, thanks to the Chat, ask their questions and interact remotely with the speakers».
