General House: Triple Celebration

ROME, Italy - On 1 November 2017, three important events were celebrated at the General House. At the start of this month the community rejoiced for being complete for the first time since the nomination of the new general council. It was then an opportune time for the superior of the house to (1) welcome officially the new General Administration. (2) It was also the feast of All Saints, and (3) the post-birthday celebration of Fr. Arnold, whose birthday was the day before his arrival in Rome.

To celebrate this important day, the community shared a simple meal and spent quality time with each other at the table.
