

Solemnity of Corpus Christi

BRAZIL - We, at *São Luís de Montfort Parish*, had the joy, practically after 3 years because of the pandemic, to celebrate the solemnity of Corpus Christi with the great participation of the faithful.

With the entire Church and the entire Congregation, our community and all the people in procession through the streets, we proclaimed our faith with the Words of the First Letter of Saint Paul to the Corinthians: "What we received from the Lord, this we transmit".

Jesus is truly present in the Eucharist. He is the Bread of Life! We live this day with many expressions of faith and love: with the making of rugs, the procession for almost 4 kilometers and the solemn celebration of Mass. Let us remember what Montfort said about the Eucharist when he says that Jesus did not want to stay only with the human being but in him when he was received as food.

Fr. Guilherme FERREIRA, SMM
